摘要

As a leader in serving patients, Novartis Patient Assistance Foundation (NPAF) is a key resource for patients who may not be able to afford their Novartis medication. The Head of NPAF plays a key executive role, leading the strategy, execution and communication of this charitable program, and has significant accountability to execute on this mission with high integrity, and in service of patients, in compliance with all applicable laws, regulations, policies and fulfilling all appropriate obligations to the donor. This role will work with the NPAF Board of Directors and designated NPS team members, to set the overall objectives and criteria for NPAF eligibility, utilize available research to design as well as execute a sustainable and appropriate experience for customers. The role is an integral executive interface and critical communicator within Novartis and externally which includes Novartis senior leadership, healthcare stakeholders, customers as well as patients, and is accountable for overall stewardship of the foundation.

Location: This position will be located in East Hanover, NJ and will not have the ability to be located remotely. This position will require up to 40% travel as defined by the business (domestic and/or international). #LI-Hybrid

About the Role

Key Responsibilities:

- Support NPAF Board with recommendations for NPAF eligibility criteria, long-term sustainability roadmap and deep understanding of external landscape, benchmarks, NVS product trends and evolving patient need.
- Advise NPAF Board of any reputational or compliance risks associated with NPAF program decisions and execution.
- Keep up to date with latest trends in patient assistance programs to identify changes that should be made and to ensure the NVS PAP is performing well against benchmarked peers.
- Lead/develop PAP strategy in-line with the specific customer and patient needs within the impacted therapeutic area(s) and review with appropriate stakeholders and direct/indirect reports.
- Ensure appropriate governance is in place to ensure proper execution of NPAF policies and adherence to compliance standards.
- Set the board agenda proactively, with input from appropriate Board Members.
- Execute PAP strategy with team & develop appropriate communications for stakeholders and customer-facing teams. Plan, develop and execute communication strategies and plans to ensure marketplace awareness of program offerings and/or changes
- Execute Novartis PAP with service providers, demonstrating consistent performance on agreed upon service levels and metrics, managing the budget effectively, and with a long-term plan to improve program sustainability and efficiency.
- Create vision, strategy, and goals, acting as a champion to achieve a culture of operational excellence, leading the development of the 3-5 year NPAF strategy & roadmap in partnership with the NPAF executive team that outlines enterprise and program-level milestones, deliverables, and interdependencies.
- Manage patient escalations with compassion and effective communications.

Essential Requirements:

- Education: BS Degree required; PharmD or MBA preferred.
- Minimum 10+ years of relevant experience in Biopharmaceutics/Specialty, Pharmaceuticals, or Mail Order Pharmacy industry with in-depth understanding of patient services, patient foundations or patient support programs.
- In-depth understanding of pharmaceuticals, patient services, patient foundations or patient support programs with experience implementing and managing large, complex and sensitive foundation or patient support program changes
- At least 3 years' experience engaging external stakeholders, customers or patients
- Thorough experience with a diverse pharmaceutical portfolio including specialty products and complex therapies
- Experience implementing and managing large, complex and sensitive systems and processes
- Proven experience partnering with diverse stakeholders and teams to develop, execute, and monitor programs. Demonstrated ability to successfully collaborate and gain alignment with multiple internal and external stakeholders
- Strong strategic thinking, analytical, financial, and communication skills

Desirable Requirements:

- In-depth knowledge of various specialty product distribution and service company business models or free goods foundations
- Experience implementing and managing large, complex and sensitive foundation or patient support program changes
