

QA Officer

Job ID
REQ-10061323

9月 08, 2025

Netherlands

摘要

Step into a role where your expertise in Quality Assurance directly supports the timely release of life-saving medicines. As a QA Operations Specialist, you ' ll be at the heart of GMP operations, ensuring every batch meets the highest standards of compliance and quality. Your work will help safeguard patient trust and uphold Novartis ' commitment to excellence. If you thrive in a fast-paced, solution-oriented environment and want to make a real difference, this is your opportunity.

About the Role

#LI-Onsite

Internal job title: QA operations Specialist

Location: Baarle Nassau, Netherlands

Key responsibilities:

- Review batch release documentation and support the Quality Responsible in the release process
- Provide on-site QA support for operational activities and interventions
- Ensure proper lifecycle management and archiving of batch documentation
- Release starting materials and incoming goods in compliance with quality standards
- Conduct visual monitoring during surprise inspections
- Approve and review operational procedures, protocols, and work instructions
- Manage deviations, ensuring timely impact assessments and closure
- Review and approve investigations for OOS, OOT, OOE, and system suitability failures
- Support timely execution of CAPAs and defined actions
- Assist in internal audits, inspections, and continuous improvement projects

Essential Requirements:

- MBO/HBO level education, preferably in a scientific field
- Fluent in English, both spoken and written
- Familiarity with quality systems (GMP)
- Basic understanding of regulatory requirements
- Strong affinity for and awareness of quality-related topics
- Excellent organizational skills and attention to detail
- Demonstrates appropriate urgency and ownership of assigned tasks

Desirable Requirements:

- Experience with radiation, PET or radiopharmaceuticals.

Commitment to Diversity and Inclusion

Novartis is committed to building an outstanding, inclusive work environment and diverse teams representative of the patients and communities we serve.

Why Novartis: Helping people with disease and their families takes more than innovative science. It takes a community of smart, passionate people like you. Collaborating, supporting and inspiring each other. Combining to achieve breakthroughs that change patients' lives. Ready to create a brighter future together? <https://www.novartis.com/about/strategy/people-and-culture>
