- Represent GMA in internal and external forums, including regulatory and investment communities.

- Provide strategic input into development programs and lifecycle management.
- Ensure compliance with medical quality standards and company policies.
- Champion patient-centric approaches and support access programs across brands.
- Collaborate cross-functionally with Development, S&G, US and International Medical Affairs.

Qualifications

Required:

- MD (preferred), PhD or PharmD in Health Sciences.
- 5+ years of experience in Medical Affairs and/or Clinical Development within the pharmaceutical industry.
- Proven strategic mindset and ability to influence across matrix organizations.
- Fluent in English; additional languages are a plus.
- Strong understanding of healthcare systems and external stakeholder dynamics.
- Experience in early asset lifecycle, pre-launch and launch in global settings.

Preferred:

- Expertise in Pulmonary, Respiratory, Critical Care, Cardiovascular
- Clinical trial research experience in pharma or academic settings.
- Track record of delivering innovative programs and processes at scale.
