

## Director Central Integrated Scientific Review Committee

Job ID  
REQ-10064876

11月 21, 2025

United Kingdom

### 摘要

LOCATION: London, United Kingdom OR Dublin, Ireland OR Basel, Switzerland

ROLE TYPE: Full Time, Permanent, Hybrid Working #LI-Hybrid

Step into a pivotal leadership role where your strategic vision and clinical expertise will shape the future of global drug development.

As Director of the Central Integrated Scientific Review Committee, you ' ll drive operational excellence across complex clinical programs, influence cross-functional teams, and foster a culture of empowerment and innovation.

Your work will directly contribute to accelerating access to life-changing treatments, improving patient outcomes worldwide, and setting new standards in clinical excellence.

## About the Role

### Key Responsibilities

- Lead strategic and operational planning for assigned clinical programs from end to end
- Oversee budget and resource allocation across global teams and clinical functions
- Ensure quality and compliance across all clinical activities and program deliverables
- Manage and develop high-performing teams in a matrixed, cross-functional environment
- Drive process improvement initiatives and knowledge sharing across clinical operations
- Collaborate with stakeholders to enhance operational and budget management capabilities
- Represent the function in global initiatives, including SOP development and training
- Ensure timely reporting of technical complaints and adverse events per regulatory standards

### Essential Requirements

- Medical degree or advanced life sciences/healthcare qualification; PharmD or PhD strongly preferred
- Demonstratable experience in a decision-making role within clinical research or drug development across Phases I-IV
- Proven success in global clinical trial execution within a matrixed pharmaceutical environment
- Strong leadership and people management capabilities across diverse, cross-functional teams
- Excellent communication, negotiation, and conflict resolution skills
- Demonstrated ability to influence without formal authority
- Fluent in both written and spoken English
- Deep understanding of regulatory standards and compliance in clinical operations

Why Novartis: Helping people with disease and their families takes more than innovative science. It takes a community of smart, passionate people like you.
