摘要

The role of Manager Scientific Writing involves updating / creating and reviewing scientifically / medically accurate content for commercial and medico-marketing assets such as newsletters, RTEs, civics, social media posts, websites, digital and print brochures, banners, etc. This person will be required to update the content for existing / new assets for Novartis Brand / products such that they reflect the most recent changes to Important Safety Information (ISI) / Prescribing Information (PI) / Other reference documents. These updates need to be consistent with the stringent MLR guidelines and specifications (Medical- Legal-Regulatory). This role will be a part of Studio Operations and will have to demonstrate strong collaboration with colleagues across all Novartis sites (India, US, Ireland and Mexico), operate in a metricized environment, maintain highest quality standards, and live Novartis values and behaviours every day.

About the Role

Key Responsibilities:

- Develop and review scientifically accurate, engaging, and compliant promotional materials including iCVAs, brochures, digital campaigns, Emails, social media posts, banners etc.
- Ensure messaging is consistent with brand strategy and aligned with approved product positioning.

- Partner with cross functional teams including creative to plan and execute content strategy across the brand journey stages in different platforms.
- Support omnichannel content planning by identifying opportunities to repurpose scientific content for multiple formats and platforms targeting different audiences.
- Contribute and develop modular content models.

- Monitor and interpret label updates and ensure timely content revision across all promotional assets.
- Liaison with editorial, creative and regulatory teams to ensure alignment of promotional content with latest approved label.

- Manage and mentor junior writers, providing guidance and training on commercial writing, label integration and compliance standards.
- Develop and maintain label update checklists, to ensure consistency of the updates across materials.
- Partner with scientific writers, creative and digital teams to ensure efficient, high-quality content development workflows.

Essential Requirements:

- Advanced degree in life sciences, pharmacy, medicine or related field.
- 7+ years of experience in scientific writing with a strong focus on promotional material, content planning and label updates.
- In-depth understanding of promotional scientific communications, clinical data interpretation, and pharmaceutical regulations.
- Familiarity with promotional content review systems and relevant codes.
- Strategic mindset with ability to contribute to content planning and campaign design.
- Excellent written and verbal communication skills.
- Ability to work cross-functionally in matrix environment with high attention to detail and timelines.
- Exposure to global content localisation/adaptation
- Understanding of omnichannel marketing and modular content
