

CRM Medical Lead - Riyadh

Job ID
REQ-10069410

1月 28, 2026

Saudi Arabia

摘要

Join us in this promising position at Novartis in Saudi Arabia. The individual will focus on optimizing patient access and outcomes by providing up-to-date compound and disease area medical expertise, acting as a key expert in the relevant therapeutic area assigned, and leading across functions to address external and internal stakeholder needs. To shape and implement the Local and Global Therapeutic Area strategy through innovative integrated evidence generation, engagement on scientific results with internal and external stakeholders, and co-creation with healthcare systems and the scientific community. To codesign clinical development launch and life cycle management of the drug in close collaboration with Country, Regional, and Global team members. To ensure that the best interest of patients and those who care for them are identified and met.

#LI-Onsite

About the Role

Major accountabilities:

- Prepares and drives the execution of the local Medical Affairs strategic plans aligned and in collaboration with other functions. This plan should be built based on local stakeholder needs and in line with the Franchise and medical strategies as outlined in the Integrated Product Strategy (IPS) Plans.
- Lead early identification of strategic drivers, elaboration of patient journey, positioning, target population, the wider stakeholder population mapping and segmentation.
- Identifies opportunities for joint value creation through engagement with the key scientific leaders and other partners in the healthcare systems including Patients and Patient Associations to co-design strategies and studies, advocating in the assigned therapeutic area.
- Gathers and internally shares relevant captured insights (advisory boards, events etc), to shape the disease area strategy.
- Ensure medical enquiries are responded to in a high quality, timely manner, and in accordance with applicable standards; establish standard response documents as appropriate, for frequently asked questions.
- Provide medical/scientific input into the development and execution of clinical trial or clinical research related activities, including initiation and oversight of clinical studies / clinical research within the respective therapeutic area.
- Ensure medical insights are provided to cross functional groups, including, but not restricted to: Pharmacovigilance, Regulatory affairs, Market Access, QA, Commercial teams, Brand team and others.
- Responsible for risk identification and assessment, mitigation planning as well as implementation and monitoring of appropriate internal controls within the area of responsibilities.

Minimum Requirements:

- Medical Doctor or holds a PhD/PharmD degree in Health Sciences.
- At least 2 years of relevant experience in a medical position, preferably as Medical Advisor, or Medical Lead.
- Strong understanding of the Saudi Arabia market, with flexibility to be based in Riyadh.
- Bilingual in Arabic and English languages.
