#LI-Hybrid

Location: Ljubljana, Slovenia

Relocation Support: This role is based in Ljubljana, Slovenia. Novartis is unable to offer relocation support: please only apply if accessible.

Ready to orchestrate global logistics that help life-changing therapies reach patients on time and in full compliance? As Global Logistics Manager, you will shape and continuously improve the end-to-end logistics model across regions—connecting manufacturing, planning and scheduling, customer service centers, hub operations, and logistics providers. You'll drive real-time visibility from patient cell collection through to treatment centers, strengthen service quality while managing costs, and ensure every step meets applicable regulations and internal good practices. If you enjoy solving complex, high-stakes supply challenges with cross-functional partners—and turning logistics performance into reliable patient delivery—this is your opportunity to make a measurable global impact.

Ste pripravljeni usklajevati globalno logistiko, ki omogoča pravočasno in skladno dostavo terapij, ki spreminjajo življenja bolnikov? Kot Globalni vodja logistike boste oblikovali, razvijali in nenehno izboljševali globalni logistični model od začetka do konca ter povezovali proizvodnjo, planiranje in razporejanje, centre za podporo strankam, centre (HUB) ter logistične partnerje. Skrbeli boste za popolno sledljivost in transparentnost od odvzema bolnikovega materiala do dostave v centre za zdravljenje, hkrati pa zagotavljali visoko raven storitev, obvladovanje stroškov in skladnost z zakonodajo, internimi smernicami ter dobrimi praksami. Če vas motivira reševanje kompleksnih izzivov v globalnih oskrbovalnih verigah in želite s svojim delom neposredno prispevati k zanesljivi oskrbi bolnikov, je to priložnost za vas.

About the Role

Key Responsibilities

- Lead end-to-end global logistics operations, ensuring reliable, compliant, and cost-effective delivery across regions.
- Select, qualify, and govern global transport partners and hubs to maximize service quality and operational efficiency.
- Ensure full end-to-end order transparency through close collaboration with supply chain, logistics partners, and commercial teams.
- Own and monitor global logistics KPIs, including cycle times, deviations, volumes, and logistics costs.
- Optimize global logistics cycles to increase flexibility while reducing lead times from collection to treatment centers.
- Drive continuous improvement initiatives to streamline logistics flows, processes, and system integration.
- Validate transport routes, hubs, equipment, and providers in line with quality and regulatory requirements.
- Ensure regulatory compliance and support quality activities, including deviations, investigations, and corrective actions.

Essential Requirements

- University degree in logistics, supply chain management, business administration, engineering, or a related discipline.
- At least three years of experience in global logistics, supply chain, or a closely related field.
- Proven experience managing end-to-end logistics operations in a regulated or complex international environment.
- Strong knowledge of regulatory and quality requirements across pharmaceutical or healthcare logistics operations.
- Proficiency with enterprise systems such as SAP and confidence working with digital logistics or tracking platforms.

- Effective communicator with strong stakeholder management skills across global, cross functional teams.
- Functional knowledge of English and of Microsoft Office.

Desirable Requirements

- Experience in pharmaceutical or advanced therapy logistics, including temperature sensitive and time critical shipments.
- Experience leading provider governance routines and continuous improvement programs across global logistics networks.

We offer permanent employment with 6 months of probation period. Submit your application with the CV in English language.

Benefits and Rewards: Competitive salary, Annual bonus, Flexible working schedule, tailored to your needs, possibility to work from home, Pension scheme, possibility of joining collective health insurance scheme, Employee Recognition Scheme, Expanded program for the promotion of health in the field of physical and mental well-being and managing workload (Well-being), Unlimited learning and development opportunities.

Commitment to Diversity and Inclusion: Novartis is committed to building an outstanding, inclusive work environment and diverse teams' representative of the patients and communities we serve.
