

## Medical Manager - Neuroscience

Job ID  
REQ-10080021

6月 10, 2026

Saudi Arabia

### 摘要

In line with overall product strategy, the Medical Manager is a customer-facing responsible for supporting the design, implementation and execution of Medical Affairs plans for assigned Therapy Area, providing scientific information, helping design & organize clinical studies, build-ing educational dialogue with MEs and regulatory stakeholders

### About the Role

Key Responsibilities:

- Respond to medical enquiries accurately, compliantly, and in a timely manner, including developing standard response documents where needed.
- Provide medical and scientific input into clinical trial and research activities, including study

- initiation and oversight within the therapy area.
- Support local evidence-generation activities, including non-interventional studies and investigator-initiated trials.
- Build scientific partnerships across the disease journey by engaging medical experts, supporting publications, and contributing to data generation initiatives.
- Review and approve medical and promotional materials in line with local and global compliance requirements.
- Share actionable medical insights with cross-functional stakeholders including Pharmacovigilance, Regulatory, Market Access, Quality, and Commercial teams.
- Role involves 50% external stakeholder engagement and 50% office-based responsibilities.

#### Essential Requirements:

- Degree in MD, PharmD or PhD
- Minimum 2 years ' experience in Medical Affairs in pharmaceutical industry, specific experience in Neuroscience is a plus
- Proven ability to build credible relationships with medical experts and key decision-makers.
- Strong understanding of clinical research, evidence generation, and the evolving therapeutic landscape.
- Experience translating scientific insights into meaningful cross-functional action.
- Confidence using digital tools and data to support stakeholder engagement, insight gathering, and decision-making.
- Excellent communication, presentation, and collaboration skills in a matrix environment.
- Fluency in both Arabic and English languages
