摘要

#LI-Hybrid
Location: Schafftenau, Tirol, Austria

We are seeking a Process Expert to join our Drug Substance Schafftenau team. In this role, you will play a key part in ensuring the safe, efficient, and compliant manufacture of high-quality products.

As a Subject Matter Expert (SME), you will support manufacturing operations through equipment qualification, cleanroom management, deviation handling, and the maintenance of GMP-compliant documentation. Working closely with cross-functional stakeholders, you will drive continuous improvement initiatives, support regulatory inspections, and contribute to operational excellence in a dynamic and innovative manufacturing environment.

About the Role

Key Responsibilities:

- Ensure manufacturing of high quality products on time, safe and efficient in the area of responsibility within the Process Support Unit.
- Coordinate equipment qualification and cleanroom-related activities.
- Handle deviations, implement and coordinate defined actions, and implement approved change requests.
- Create and maintain life-cycle documents to ensure compliance, accuracy, and inspection readiness.
- Represent the company as a Subject Matter Expert (SME) during Health Authority (HA) inspections.
- Collaborate with cross-functional departments and manage stakeholders to align expectations and resolve issues efficiently.
- Manage local administration of service providers for cleaning and gowning.
- Collaborate on and manage improvement projects in the production environment.
- Demonstrate a strong awareness of quality and a proactive, self-directed work approach.

Essential Requirements:

- Bachelor's degree in a scientific or technical field such as Biotechnology, Biology, Chemistry, Pharmacy, Process Engineering, or a related discipline.
- Strong interest in technical processes, automation, engineering or manufacturing environments.
- High learning agility with the ability to quickly understand new concepts, systems, and technologies.
- Proactive mindset with a willingness to take initiative and seek continuous improvement opportunities.
- Strong problem-solving skills and a structured approach to technical challenges.
- Effective communication skills and the ability to collaborate in cross-functional and diverse teams.
- Fluent English communication skills, both written and spoken.
- Native-level German language skills.

Please submit your application documents, including your CV, in both German and English.

Benefits & Rewards

At Novartis, we 're committed to reimagining medicine together - and rewarding the people who make it happen.

Expected Annual Base Salary Range for role: € 60.978,00 do € 89.300,00

The base salary offered is determined based on gender-neutral objectives, such as relevant skills, competencies and experience in accordance with the Novartis pay setting policy and upon joining

Novartis will be reviewed periodically.

In addition to your base salary, you may be eligible for a performance-based bonus depending on certain performance parameters.

The rewards of being part of our team go far beyond base pay and incentives. We also offer a variety of competitive benefits in kind to help you thrive personally and professionally, such as insurance plans, retirement plans, wellbeing resources and global recognition programs. In addition, we provide flexible and hybrid working options, where possible, and minimum 14 weeks paid parental leave.
