#LI-Hybrid
Internal job title: Procurement Manager Tech Ops
Location: Prague, Czech Republic

This role is based in Prague, Czech Republic. Novartis is unable to offer relocation support for this role: please only apply if this location is accessible for you.

The Procurement Manager is responsible for managing multiple indirect categories across one or more countries and delivering sourcing and value creation initiatives aligned with the Annual Category Plan. The role focuses on cost reduction, demand management, innovation, risk management, contracting, supplier performance, and organizational change. Responsibilities include stakeholder engagement, requirements gathering, market assessments, TCO analysis, supplier qualification and selection, contract negotiations, and leading the implementation and adoption of sourcing, demand optimization, and process improvement initiatives.

About the Role

Major accountabilities:

- Implement procurement strategies and sourcing plans for assigned categories and sites, ensuring alignment with business needs and company objectives.
- Lead Source to Contracting projects. Identify and deliver cost savings, cost avoidance, process compliance and value creation targets.
- Identify sourcing opportunities, evaluate suppliers, and support supplier selection, commercial decisions, and procurement planning.
- Manage supplier relationships, monitor and report supplier performance, and drive continuous improvement initiatives.
- Gather stakeholder and supplier feedback, track procurement performance metrics, and provide regular reporting on category activities.
- Lead contract negotiations and ensure contracts are implemented in alignment with compliance and legal requirements, communicated, and managed effectively throughout their lifecycle.
- Address supplier performance issues, mitigate supply risks, and ensure timely resolution of business concerns.
- Escalate any product quality, technical, or compliance-related concerns according to company procedures and timelines.

Key performance indicators:

- Delivery of agreed cost savings and value creation targets.
- Timely completion of sourcing and contracting projects.
- Stakeholder satisfaction and business partnership effectiveness.
- Supplier performance improvements and risk mitigation.
- Compliance with procurement policies and processes.
- Adoption and implementation of sourcing, demand management, and process improvement initiatives.
