摘要

The MSL is responsible for scientifically engaging, collaborating and aligning with external stakeholders to co-create value, address identified patient needs and ultimately change the practice of medicine for better patient access and outcomes. They leverage the right evidence at the right time during their engagements, and identify insights and opportunities that impact and inform the One IPS, Integrated Evidence Generation Plans, launch excellence roadmap, Patient Journey and medical strategies. MSLs also contribute to innovative partnerships and implement relevant disease area strategies. They will act as a strategic scientific partner, and collaborate with other Field matrix colleagues (e.g. Market Access, clinical research colleagues) to ensure Novartis can support healthcare systems strengthening & improve patient access and outcomes.
